Problem Statement

Define your problem statement

focus of your brainstorm.

Ajith Kumar is a busy business man who needs to read news on the go without any hassles while travelling because he considers carrying around a physical newspaper a nuisance to him and the people around him. Ajith kumar needs to read needs to read news in such a way that he doesn't have to worry about ever buying physical newspapers or carrying with him everywhere. Something which should fit in the palm of his hands, which he could carry everywhere, access from everywhere, something digital such as an Application hosted on the internet which could be accessed from any device that is connected to the Internet. Such as smartphones and computers.

> To run an smooth and productive session Encourage wild ideas. Listen to others Go for volume. If possible, be visual.

What problem are you trying to solve? Frame your Write down any ideas that come to mind that address your problem statement. problem as a How Might We statement. This will be the

Karan S

Take turns sharing your ideas while clustering similar or related notes as you go. In the last 10 minutes, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you and break it up into smaller sub-groups.

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.

If each of these tasks could get done without any difficulty or cost, which would have the most positive
